

Power Token return application for Prepaid electricity customers

Use this form if you are a Jacana Energy prepaid electricity customer to return your unused and undamaged power tokens.

Tokens issued by Territory Families can only be returned by the concession card holder. We do not accept tokens issued in remote communities.

We will validate your tokens. The value will be added to your meter directly. Any ineligible tokens will be returned to you by post.

Please send this form together with your tokens to the following address. A stamp is not required.
